Maximum battery life

Maximum safety

Multifunctional – one system for numerous applications!

From simple jobs to power-intensive applications: Power X-Change covers a spectrum of applications which is as comprehensive as the Einhell product range. It is this multifunctionality that makes the Power X-Change battery system so special and lets you work spontaneously at any time, unhindered by cable, with complete freedom of movement.

Combinable – always the power that's needed!

Einhell's Twin-Pack technology lets you operate both 18 V and power-hungry 36 V tools - our 36 V lawn mower, for example, is powered by two 18 V battery packs with two battery packs operating in the appliance at the same time. However, they can also be used individually in all our other 18 V Power X-Change tools. So there's no need to spend a lot of money on more 36 V battery packs. Depending on how long you'd like to run your tool, our Power X-Change System offers you a choice of 1.5 Ah, 3 Ah and - for maximum staying power - 5.2 Ah battery packs. You'll have maximum flexibility for all your requirements using the Einhell Power X-Change Program in combination with the variable 18 V and 36 V system.

Economical – protects your wallet and the environment!

With Power X-Change there is no need to buy additional batteries for subsequent products. This not only saves you a lot of money but also conserves valuable environmental resources. Similarly it also puts an end to the unnecessary use of so many battery chargers, which is not only good for the environment but also saves you storage space.
The only thing you won't miss with Power X-Change is modern and forward-looking technology.

THE EINHELL POWER X-CHANGE SYSTEM
For garden products and tools.

The Power X-Change System can be used with many Einhell products. Take advantage of Einhell's brand strength, portfolio expertise and annual launch of new products with replaceable lithium-ion battery packs.

The latest Power X-Change power tools:

■ LITHIUM-ION CORDLESS DRILL
TE-CD 18 Li

■ LITHIUM-ION CORDLESS IMPACT DRILL
TE-CD 18-2 Li-i

■ LITHIUM-ION LED LAMP
TE-CL 18 Li

The latest Power X-Change garden tools:

■ LITHIUM-ION GRASS TRIMMER
GE-CT 18 Li

■ LITHIUM-ION HEDGE TRIMMER
GE-CH 1846 Li
GE-CH 1855 Li

■ LITHIUM-ION LEAF BLOWER
GE-CL 18 Li

■ LITHIUM-ION LAWN MOWER
GE-CM 36 Li
